

Lightning

All you need is kitchen foil.

Crunch it, rip it, shake it...make some noise!

Bubbling Cauldron

Glass or bowl of water

Straw

(Food colouring and washing up liquid or soap optional)

Use a straw to blow bubbles in a glass or bowl of water, with food colouring for effect.

Add a few drops of washing up liquid for extra bubbles – remember not to suck!!

Shakers

Used spice containers, plastic bottles, cardboard tubes, tupperware containers

Pop rice, sugar, lentils or pasta into your containers. You can use beads or buttons as well.

Don't fill them too full!
Replace lids (or seal ends of tubes) and shake to hear the different sounds.
