

You will need: 1 toilet roll holder (or 1/2 kitchen roll holder), strips of red and orange crêpe paper, paint or paint sticks, glue, scissors.

Optional (because we had just as much fun blowing fire without them!): pom poms and adhesive eyes.

Fire Breathing Dragon

www.leoandthelightningdragons.com

Paint your toilet or kitchen roll holder whatever colour you want your dragon to be. Cut the crêpe paper into strips - I used a mix of long and short but you can use only long if you prefer.

Run the glue stick around the inside of the roll (to about 1cm from the top) and attach your strips - don't forget to leave the bit that sits at the bottom of your chin clear as they won't blow upwards.

Attach pom poms and eyes if using, give a big roar (optional but why wouldn't you?!) and blow fire!
